

LOT 62 RAMP PRE-DESIGN STUDY

15J2K

This pre-design study establishes conceptual design options for the Lot 62 parking ramp. The intent of this study is to develop and evaluate concept options to provide campus with a parking facility that includes a minimum of 600 parking stalls (including ADA-compliant parking), motorcycle/moped parking, and bicycle parking. Concepts were analyzed and developed that expand on the initial work conducted to develop concepts for the expansion of the School of Veterinary Medicine (SVM).

BUDGET

Total	\$74,750
Future Project:	
Total	\$16,800,000
Construction	\$13,450,000
Design	\$1,070,000
Mgt.	\$590,000
Contingency	\$1,340,000
Equipment	\$300,000
Other Fees	\$50,000
<i>Sources</i>	
PR Funds	\$74,750

TIMELINE

A/E Selection	04/2016
Draft Report	11/2016
Final Report	05/2017
